

## Tail Guard Template Instructions

You will need:

Smead Inndura File Folders –  
(letter size, assorted colors, polypropylene)

Duct tape

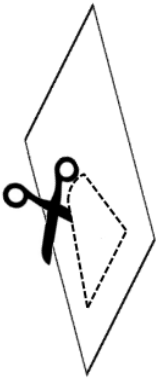

Scissors

Permanent marker pen

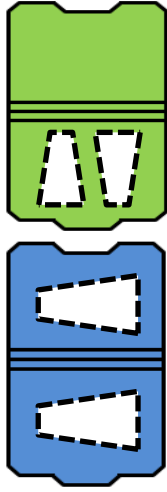

1

Cut out tail guard template. For large species, tape together the two parts of the template as indicated.

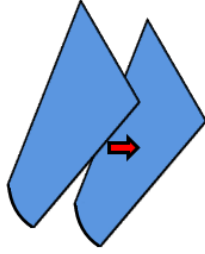

2

Use template to cut out two identical tail guard pieces from the plastic folder; avoid crease lines in the folder. Try to be efficient so you can make several!

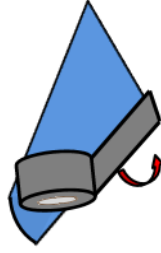

3

Place the two tail guard pieces on top of one another.

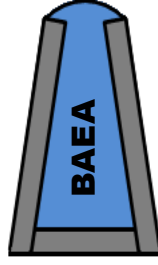

4

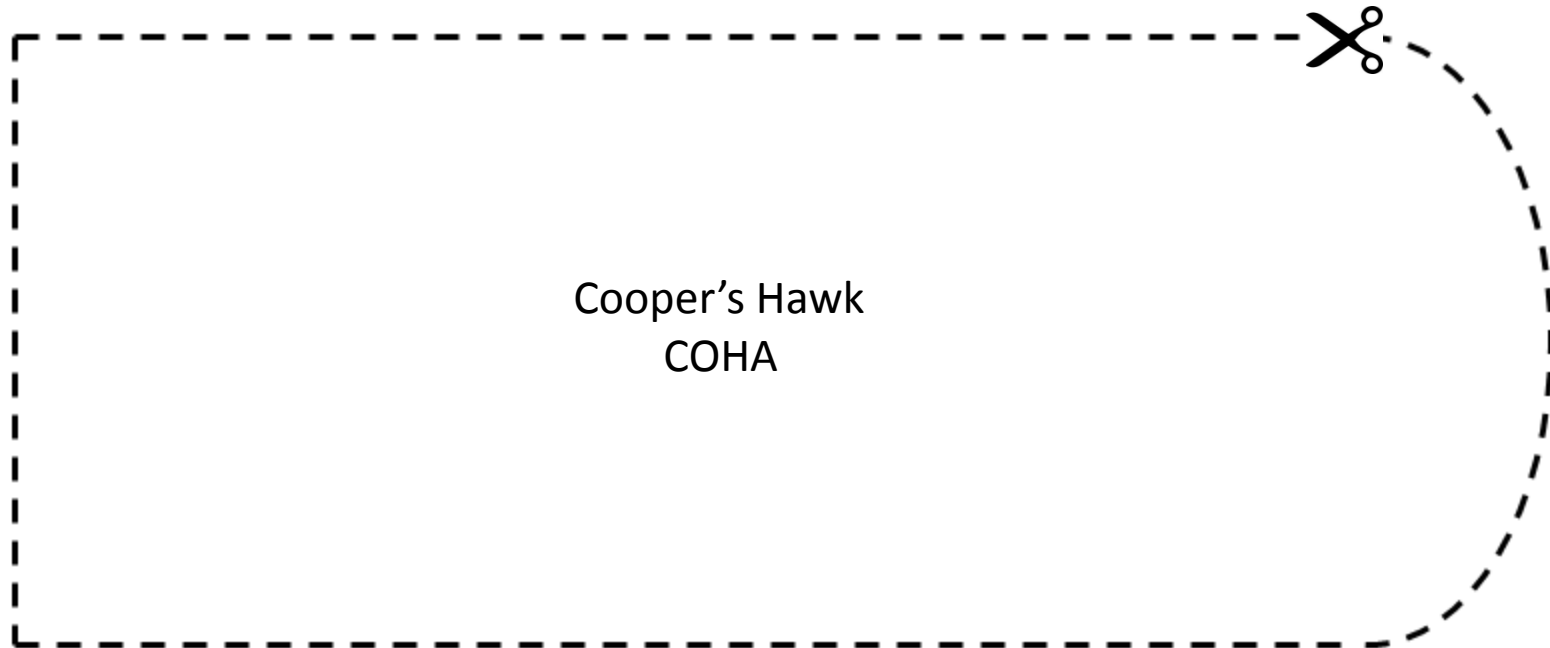

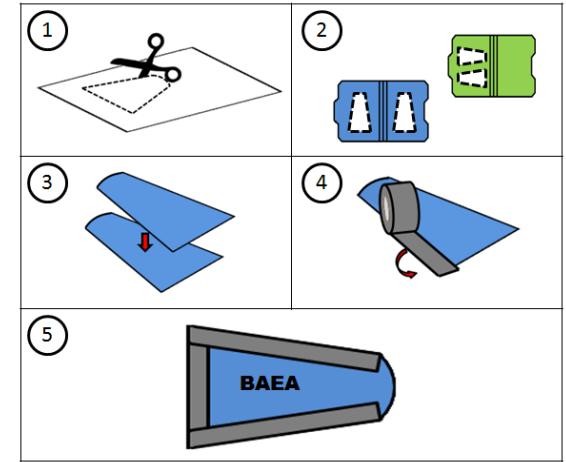

Tape along straight edges using Duct tape; apply half the tape width to the top surface and bend over edge to secure on back surface. Leave curved end open. Ensure bottom corners are well covered and sealed.

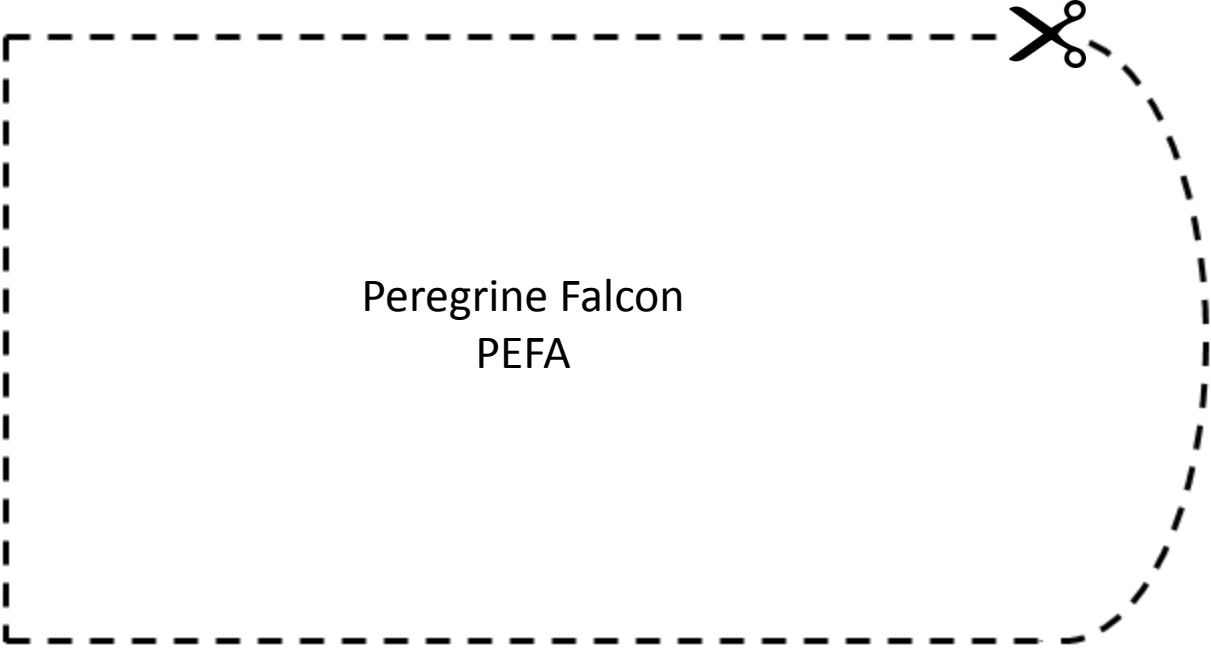

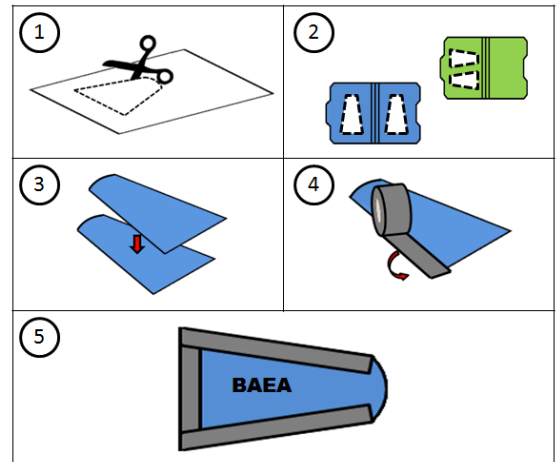

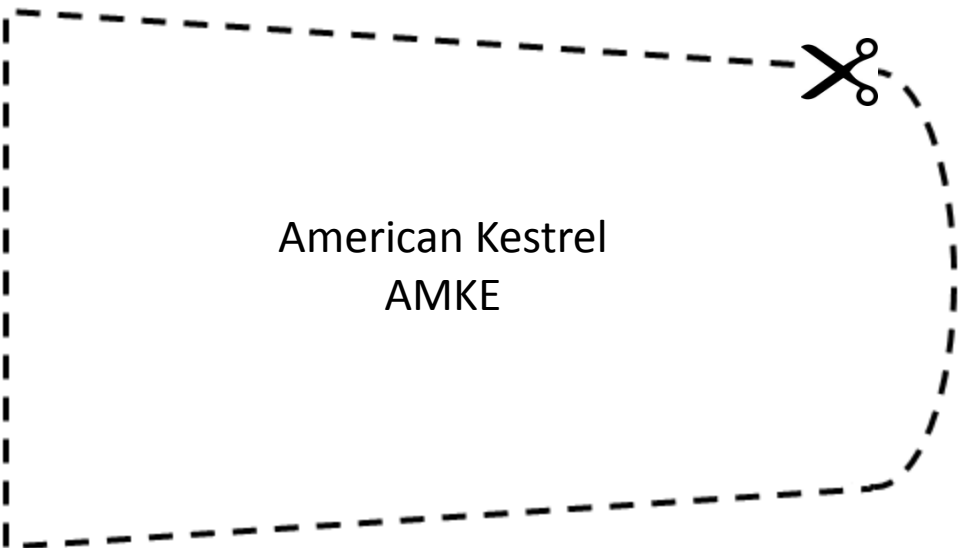

5

Mark with four letter species code using a permanent marker.

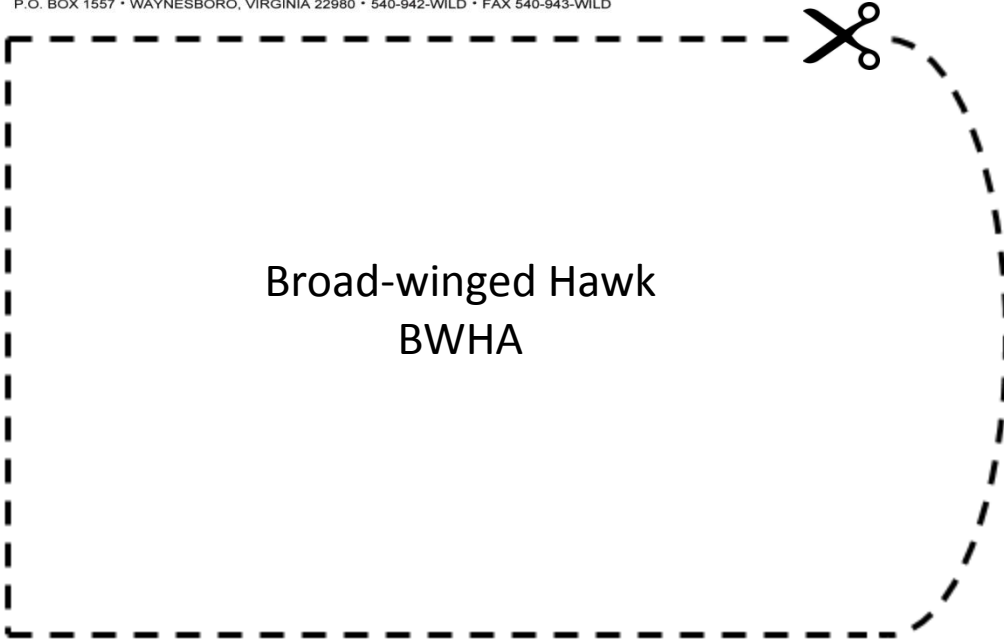

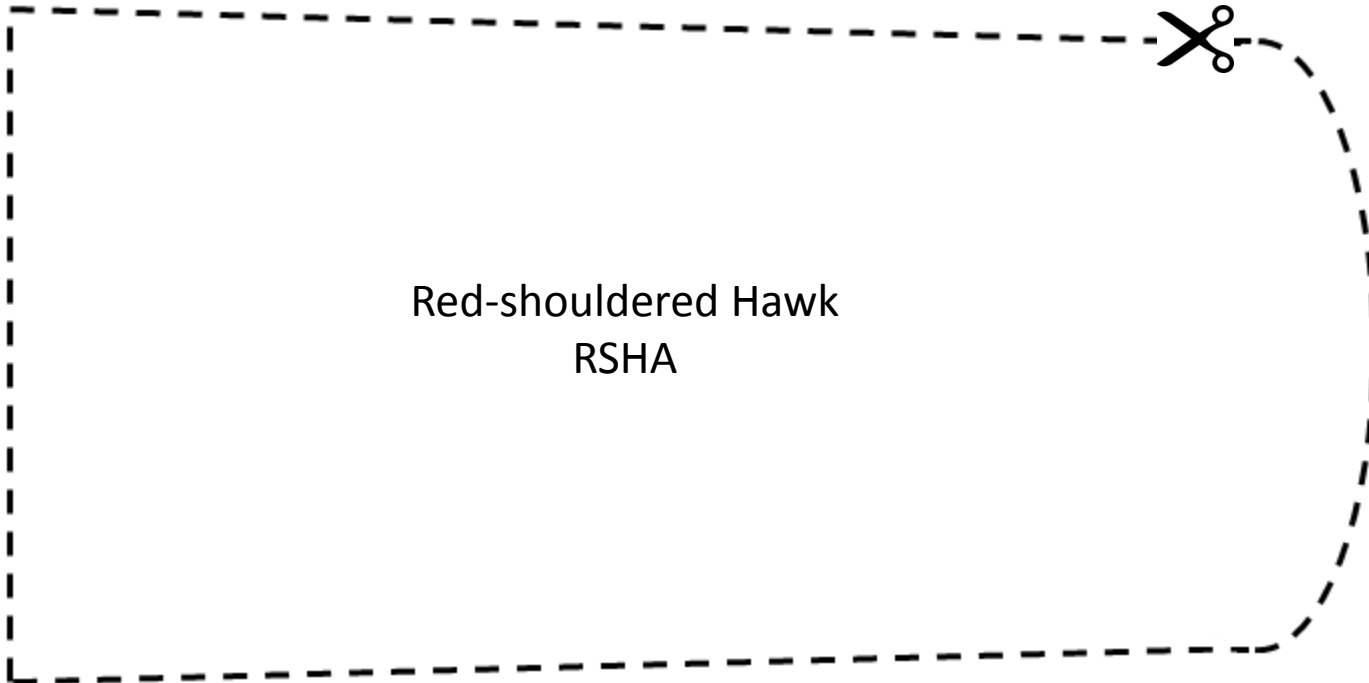

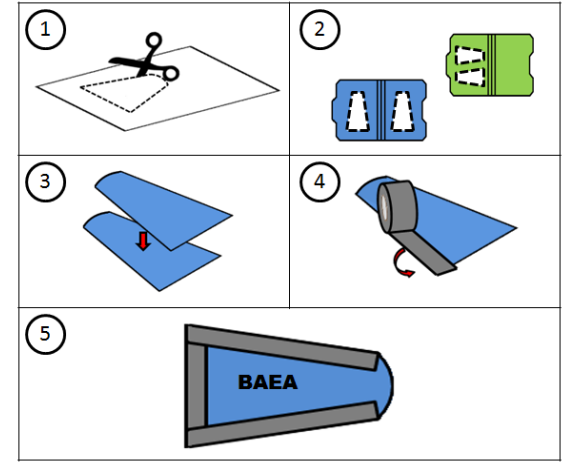

2 inches / 5.08 cm
