

Gustavo and a Mouse

I have no teeth.

I chew on everything with my small teeth.

I love to eat juicy, delicious mice.

I run and hide so I'm not a barred owl's dinner.

I fly silently.

I am silent when owls are hunting.

We both have dark eyes.

Talons are on my feet.

Tiny claws are on my feet.

My feathers are brown and white.

My fur comes in different colors.

I am wise but have no whiskers.

I am not wise and have whiskers.

We both live in the forest.

I am large.

I am small.

My owlets hatch from eggs.

My babies are born live.

My knees are high on my leg.

My knees are where they belong.

We blend into our environment to hide.

I was adopted by a 5th grade class
and am a STAR!

I am anonymous.
